

11th October 2022

Dear Parents and Carers,

Interested in volunteering? Looking to donate your time within the local community? Well, look no further as we are looking for volunteers to help in a range of different areas:

- **Minibus driver** – our students are offered many opportunities to learn beyond the school site and we would welcome help from a local driver. Training and DBS check provided.
- **Gardening** – we have a number of small gardens and vegetable patches in the school which would benefit from some green fingered attention. Training and DBS check provided.
- **Reading with students** – we have a number of students who would benefit from listening to reading and reading aloud with an adult. An ideal opportunity for a grandparent to help the school. Training and DBS provided.
- **General, low level ground maintenance** – we often have projects where our Site Team would benefit from an extra pair of hands painting, basic woodwork, clearing the site, etc. Training and DBS provided.

Please contact us via info@wokinghigh.surrey.sch.uk if you are interested in volunteering at our school; we look forward to welcoming you to the Woking High School family.

Kind regards,

School Office
